Good Morning,

From January 2026, an Army Outreach Team will be based in Glasgow and our mission is to positively engage with local communities. We`re particularly keen to work with football/rugby clubs like yours, as we know how important sport is in bringing people together and building strong teams.

We can offer a range of **free opportunities** for your players and members of the community, including:

**Elite Skills Academy booking**- developing teamwork, resilience, and leadership.

- **Team tasks and challenges**- fun, practical activities to strengthen group cohesion.
- **Career presentations**- highlighting the wide range of opportunities in the Army.
- **Residential Work Experience (WEx) courses**- held several times a year, giving hands-on insight into Army life. These locations are Barry Budden, Broxburn and Dingwall

Our team would come to your location and delivery the above points except the WEx courses.

All our activities are provided **at no cost**.

We know football/rugby is a passion and potential career for many young people, but for those looking at other options, the Army offers a wide variety of careers as well as extensive sports and adventure training opportunities.

I would be delighted to discuss how we can work with your club to provide positive experience for your players and members of the community both on and off the pitch.

Please feel free to get in touch if you`d like to arrange a visit or learn more about what we can offer.
